FIG COMMISSION 7 ANNUAL MEETING

GEOCONFERENCE ON CADASTRE 4.0
TRANSPARENCY, PARTICIPATION, COLLABORATION

24-28 OCTOBER 2016 | COIMBRA, PORTUGAL

FIG Commission 7 Annual Meeting and Geoconference Cadastre 4.0 Sponsorship & Technical Exhibition

INVITATION

FIG Commission 7, the Commission on Cadastre and Land Management, and **Ordem dos Engenheiros**, the Portuguese Engineers Professional Association, are pleased to invite you to the **Commission 7 Annual Meeting** and to the **Geoconference on "Cadastre 4.0 - Transparency-Participation-Collaboration"**, both to be held in **Coimbra/Portugal, 24–28 October 2016**.

The **FIG Commission 7 Annual Meeting** will be an excellent opportunity for technicians from cadastre or other professionals with interests in this area all around the world to meet up and hear first-hand about cadastral developments in different scenarios, to share experiences, and to learn about what is happening in this particular sector of activity.

In the **Geoconference "Cadastre 4.0 - Transparency-Participation-Collaboration"** invited speakers will share with the participants their knowledge on new technologies and automatization of processes, products and services. Participants will be able to discuss about how transparency can happen, participation can be held and collaboration can be more visible. The **presence** of Chryssy Potsiou, the **president of FIG**, testifies the importance of the Conference within FIG.

A few hundred participants are expected at the Geoconference and several dozen in the Annual Meeting, giving companies a unique opportunity for promoting their products and services at national and international levels. The Organizing Committee is delighted to invite your organization to support the success of both events, through the concession of a **Sponsorship**.

In this document you may access the terms for sponsorship programme, which, however, do not invalidate the offer of other forms of sponsorship, which can be customized to fit your requirements/objectives. You can also access the Technical Exhibition terms.

For enquiries, please contact the Organizing Committee at colegios@oep.pt .

We look forward to your favourable response and participation at FIG C7 events!

The Organizing Committee
